

# CHILE / ARG

# 2012

*A photographic, philosophical and inspirational journey through the Southern South America, where nature – luckily – still has more to say than people, showing herself from her wildest and most beautiful side.*

☺ Everything has two pages. Often the truth lies in the golden middle. ☺

*The spectacular mountain massive in the Torres del Paine National Park slowly starts to uncover itself (Southern Chile) – February 2011*

☺ In order to move forward you do not always need to set sails. Just pause. ☺

*Probably Chile's most beautiful volcano, the Osorno near Puerto Varas, makes its waiting to the dozing boats (Centre Chile) – March 2011*

☯ Even the coolest coeval will start melting by your love, passion and warmth. ☺

*Large chunks of glacier ice sooner or later silt beneath the spectacular scenery of the NP Torres del Paine (Southern Chile) – February 2011*

☯ Often things have to die before something new can emerge and grow. ☺

*A valley on our way to Coyhaique, which has been devastated by a break out of a volcano, slowly begins to recover (Southern Chile) – March 2011*

☺ Sometimes it is good to ask others, how it is like, where you do want to go. ☺

*Wild and bumpy drive along the Lago General Carrera / Lago Argentina towards the direction of Puerto Guadal (Southern Chile) – March 2011*

☺ Beauty might show itself in the mirror. At long last it comes from inside. ☺

*The two highland lagoons Miscanti and Meniques (4.500 m altitude) look at their mirror images (Atacama Desert - Northern Chile) – March 2011*

☯ Our greatest treasures lie in the hidden. Find them within you and in others. ☺

*The threatening appearing Cerro Torre in the area of El Chaltén does not want to show his whole beauty (Southern Argentina) – February 2011*

☺ If a fish would know, what views and scenes he is missing, he would like to become a bird. ☺

*A female fisher enjoys the idyllic silence of the Lago Mosquito nearby Cholila (Southern Argentina) – March 2011*

☺ Be mindful. Behind each curve a new wonder can be discovered. ☺

*An endless gavel road drifts us through unreal fairytale like landscapes towards the Argentinian border (Northern Chile) – March 2011*

☺ If everyone looks in the same direction a lot remains undiscovered. ☺

*The famous Moais (huge stone statues) stand solid on the legendary Easter Island, farthest island from the mainland – March 2011*

☯ Decide on your own, how, when and by whom you want to be molded and shaped. ☺

*Incredible ride along the Lago General Carrera / Lago Argentina towards the direction of Puerto Guadal (Southern Chile) – March 2011*

☺ Every obstacle you have overcome on the way to your goals gives you power and energy to continue. ☺

*Fantastic evening scene under the endless vastness of the Atacama Desert in the Valle de la Luna (Northern Chile) – March 2011*

☺ Open all your senses. Each day offers you the sky on earth as a present. ☺

*Gauchos arrive with their horses from an early morning ride around the Mirador Torres del Paine (Southern Chile) – February 2011*

☺ Don't let distract yourself from any abysses, if you have a goal in mind. ☺

*Bonus-Pic: Spectacular tour along the Lago General Carrera towards the direction of Puerto Guadal (Southern Chile) – March 2011*
